

Product: SONAX Xtreme Brilliant shine detailer

Article Code: 287 400

Formula Code: 2870 0040

Product Description: Conserving spray for quick, interim paintwork care. Ideal for quickly cleaning dust covered paintwork, and for freshening up previous wax treatments. It enhances the colour depth and leaves the paintwork surface smooth and sleek.

Directions for Use:

- Wash the vehicle, if necessary, and wipe off excess water. Dust covered paintwork can be treated directly.
- Shake bottle and adjust sprayer to spray position.
- Spray the product onto part sections and distribute evenly with a microfibre cloth.
- Use a dry part of the cloth to immediately wipe to a streak free finish.
- Should the colours appear irregular, repeat the treatment.

Please Note:

- Do not apply onto hot surfaces, and do not allow product to dry.
- Should the product accidentally dry-on, simply spray on more of the product and wipe over immediately.
- Protect against extreme cold

Chemical Classification: Aqueous polymer emulsion

Specific Data:

Appearance:	blue liquid
Density:	0.98 – 1.00 g/ml
Viscosity:	15 – 20s
pH:	6.0 – 7.0

Packaging: 750 ml PET spray bottle

Safety Data: See safety data sheet
